Proposed ~~Certain~~ changes in the Educational Budget

for of 1874-75

No. 4088
1769

To Govt. Home Depart.
No. 519 L d/15th Dec.r/73
35

Memo.

The Offg Director of Public Instruction with his letter d/24th Novr last, submitted 5 Proposition Statements, which he stated were in the prescribed form, for transmission to the Govt. of India, on account of certain new items of expenditure which have been provisionally entered in the Mysore Educational Budget for 1874 75 These proposition Statements were as usual sent on from this Office for the consideration and sanction of the Government of India Among the Statements forwarded were the following--

I For a building Grant of Rupees 1000 towards the erection of a house for the Wesleyan Mission Girls School at Seddikatta

at

at Bangalore

II For an additional Grant-in aid of 40 Rs per mensem for the Cantonment Orphanage

2 The Home Depart have now replied, intimating that the application for the building Grant has not been submitted in accordance with Rule VII of the Mysore Grant-in-aid Rules, and request that the application may be re-submitted separately in the prescribed form

49 d/ 28th January /74.

3 The rule referred to, prescribes that whenever a building Grant is asked for, a Plan and Estimate of the building, and the number for whose accommodation it is required, should accompany the application. This was not done in the instance in question.

4. With regard to the Grant-in-aid proposed for the Cantonment Orphanage, Government requires to know what

income is guaranteed
from local sources for
Education, apart from the
maintenance of pupils, in
that institution

5 We have no means
of furnishing the above
required information from
this Office A Copy of the
Govt communication
may be forwarded to the
Director for information
and future guidance, and
with a request that the
information called for in
paras 2 & 3 may be fur-
nished at an early date

FORT WILLIAM *the 28 January* 1874

SIR

I AM directed to acknowledge the receipt of your letter No 5197—35 dated the 19th ultimo submitting for sanction certain proposition statements for new items of expenditure which have been provisionally entered in the Mysore Educational Budget for 1874 75

2 The application for a building grant of Rupees 1 000 towards the erection of a house for the Wesleyan Mission Girls School at Siddikatta in Bangalore is not submitted in accordance with Rule 7 of the Mysore Grant in Aid Rules and I am to request that it may be re submitted separately in the prescribed form

3 The additional grant in aid of Rupees 40 per mensem proposed for the Cantonment Orphanage at Bangalore cannot be sanctioned until it is known what income is guaranteed from local sources for education apart from the maintenance of pupils as under the rules the Government grant must not exceed two thirds of such income The necessary information on this point should therefore be furnished

4 The other propositions are under consideration, and orders on them will be communicated hereafter

I have the honor to be

Educational

To
The Secy to the Govt of India
Home Department
Calcutta

Sir,

I am directed to acknowledge the receipt of your letter No 49 of the 28th January last, pointing out (1) that the application for the building Grant of Rupees 1,000, towards the erection of a house for the Wesleyan Mission Girls School at Siddi Katta in Bangalore, was not submitted in accordance with the Grant-in-aid Rules, and requesting that it may be re-submitted in the prescribed form, and (2) that the additional Grant-in-aid of Rupees 40 per mensem, proposed for the Cantonment Orphanage at Bangalore, cannot be sanctioned until it is known what income is guaranteed from

from local sources for Education apart from the maintenance of pupils

2 In reply, I am desired to transmit for submission to His Excellency in Council, a Plan and Estimate of the building in question, together with a fresh proposition statement, prepared by the Offg Director of Public Instruction, containing the particulars required by para VII of the Grant in-aid rules.

3 With regard to the information required in connection with the additional Grant-in-aid towards the Cantonment Orphanage, the Honorary Secretary to that Institution reports that all subscriptions and donations to the Institution go into a General fund, the average monthly receipts of which for the year 1873, amounted to Rupees 241-9 3 The expenditure on that Institution

C C, Rev
& I.A.

part of the Institution averages Rupees 71-3-8 monthly, towards which it receives a Grant-in-aid of 60 Rupees per Mensem from the Mysore Government. The average monthly expenditure for the maintenance of the pupils amounts to Rupees 243 4-8 which is solely derived from private sources, including subscriptions and donations from the public, and payments for boarders.

I have &c

Secretary.

Fort William the 24th April 1874

Home Department Sir
(Educational)

In acknowledging the receipt of your letter No $\frac{1065}{52}$ of the 28 ultmo I am directed to inform you that His Excellency the Governor General in Council has been pleased to sanction the disbursement of Rs 1000 as a building grant for the erection of a house for the Wesleyan Girls School at Siddu Kata

2 As regards the proposed additional grant in aid of Rs 40 per month to the Cantonment Orphanage at Bangalore for the entertainment of additional teachers with a view to the admission of destitute children who are not orphans, I am to observe that with an annual average expenditure of Rs 4,200 and an aggregate only Rs 720 for the tutorial staff

the

the grant seems somewhat large, for the object stated, and an additional grant in aid of Rs 25 per month would seem to be sufficient for the present. If however you have satisfied yourself that the entire grant recommended will be properly applied, according to the strict terms of the Rules, His Excellency in Council has no objection to its being given.

Encl 18

Office of the Director of Public Instruction
Bangalore, 12th February 1875

From

The Director of Public Instruction
in Mysore

To

The Secretary to the Chief Commissioner
of Mysore

Sir,

Referring to your docket-No $\frac{7987}{22\ 14}$ of the 5th instant, I have the honour to forward the information called for by the Government of India in letter, of the Home Department No 21 of the 22d January last, relative to certain proposals submitted from this office for sanction in the Educational Budget of 1875-6

2 As regards the tabular statement for grants-in-aid, I beg to state that the rates of fees entered under the second sub head of column 1, giving income in detail, are, as conjectured, the monthly rates levied from the pupils of each school, and regret that this should not have been clearly indicated No fees are at present obtained from the Wesleyan Mission Girls' School in the Mysore Fort, in explanation of which it may be stated that the peculiar difficulties attending the establishment of such a school in that quarter have made it necessary to hold out the inducement of a free education,

and

and as the grant in aid Rules admit of an exception being made in this respect in favour of Native Girls Schools the discretion allowed has been availed of in the present instance The amount of grant proposed for St Bartholomews Girls School at Mysore is the same as originally sanctioned by the Government of India, now recommended for renewal on the re establishment of the school. I am at a loss to account for the observation that there is 'no school-mistress on its staff, for I find entered under the head of teachers (column 6 of tabular statement) the names of Elizabeth McArthur and Christiana Rebling

Nos of the Misses for Foreign at 3 were de- ficient 1/1 1/2

Some mistake which escaped notice may have been made in copying.

The Government of India (in para 4) desire fuller information regarding the number of youths at Bangalore and at Shimoga who would be likely to attend a Central College and a High School at these respective places. The present Bangalore High School, I may remark has contained college classes for several years past It is already, except in name, a college, strictly in accordance with the definition contained in the paragraph under reply. The present proposal has

has for its object the recognition of the
to which the school has really attained
its former establishment in that position, an
end which was in view at the time of its
foundation It contains at the present time 65
under graduates of the Madras
University, as per particulars in
the margin, besides whom are
42 students preparing for
Matriculation Down to 1874 the number matri-
-culated from this school has been 90, the number
passed in the F A examination has been 41, the
degree of B A has been taken by 3, and the
results now awaited of the last examination
may double this figure Four students have
taken the degree of B L and one that of M L
These particulars will, I trust, suffice to shew
that a sufficient and regular attendance
may be relied on in the case of the Central
College

Senior B A class 5
Junior " 11
Senior F A class 27
Jun " 22

4 As regards the proposed Nagar High School
at Shimoga, it is necessary to state that the
Nagar Division comprises the greater portion
of the Malnad or hill country, and that it
differs considerably, no less in population
than in physical features, from other parts

of

of Mysore During the last few years a greater desire for education has been observable in this region, and more especially at Shimoga, the chief town of the Division. Latterly several youths have matriculated from the Shimoga School (19 in 4 years) and a desire has been expressed by a number of the native residents that provision might be made for a higher course of instruction This would be availed of by students from the three Districts of the Division, whom the distance from Bangalore deters from coming here According to the Inspectors report of December 1874 there are now 26 youths in the Matriculation class at Shimoga, and this number may be expected to increase if special arrangements such as those which have been proposed are made

5 The application for an additional allowance for scholarships is, as noted in para 5 of the Government of India letter, connected with the above mentioned proposals The Bangalore High School has a provision for the purpose, but there none at Shimoga The proper sum of scholarships appeared to me a good deal lost sight of, and my attention has therefore been

been specially directed during the past year to putting this matter on a proper footing, as contemplated in the Educational Despatch of 1854 With the increased allowance now asked for I believe that it will be possible to establish a regular connection between the various grades of anglo vernacular schools

6 In conclusion I may observe that the importance of Normal Schools is fully kept in view, although, as remarked in para 9 of the Government of India letter, the proposals now under consideration do not include any institution of that kind. Our normal school operations at the present time are being more particularly carried out under Local Funds, which may serve to account for any apparent deficiency in the provision for instruction of teachers.

I have the honour to be

Sir,

Your most obedient servant

Director of Public Instruction
